Scientists finally acknowledge that they got their solar cycle predictions wrong, and that we are fast approaching the sun's explosive peak

News

By [Harry Baker](#) published October 30, 2023

NOAA's Space Weather Prediction Center has released a "revised prediction" for the current solar cycle, which states that the upcoming solar maximum will arrive sooner and be more explosive than they initially forecast — as Live Science previously reported.

Comments (1)

In the lead up to the solar maximum the sun's magnetic field lines get tangled up, which generates more sunspots, solar flares and coronal mass ejections. (Image credit: NASA/SDO/AIA/LMSAL)

Paper 93

Machiventa Melchizedek

93:0.1 (1014.1) THE Melchizedeks are widely known as emergency Sons, for they engage in an amazing range of activities on the worlds of a local universe. When any extraordinary problem arises, or when something unusual is to be attempted, it is quite often a Melchizedek who accepts the assignment. The ability of the Melchizedek Sons to function in emergencies and on widely divergent levels of the universe, even on the physical level of personality manifestation, is peculiar to their order. Only the Life Carriers share to any degree this metamorphic range of personality function.

93:0.2 (1014.2) The Melchizedek order of universe sonship has been exceedingly active on Urantia. A corps of twelve served in conjunction with the Life Carriers. A later corps of twelve became receivers for your world shortly after the Caligastia secession and continued in authority until the time of Adam and Eve. These twelve Melchizedeks returned to Urantia upon the default of Adam and Eve, and they continued thereafter as planetary receivers on down to the day when Jesus of Nazareth, as the Son of Man, became the titular Planetary Prince of Urantia.

Perfidy is specifically prohibited under the 1977 *Protocol I Additional to the Geneva Conventions of 12 August 1949*, which states:

Article 37. – Prohibition of perfidy

1. It is prohibited to kill, injure or capture an adversary by resort to perfidy. Acts inviting the confidence of an adversary to lead him to believe that he is entitled to, or is obliged to accord, protection under the rules of international law applicable in armed conflict, with intent to betray that confidence, shall constitute perfidy. The following acts are examples of perfidy:

- (a) The feigning of an intent to negotiate under a flag of truce or of a surrender;
- (b) The feigning of an incapacitation by wounds or sickness;
- (c) The feigning of civilian, non-combatant status; and
- (d) The feigning of protected status by the use of signs, emblems or uniforms of the United Nations or of neutral or other States not Parties to the conflict.

2. Ruses of war are not prohibited. Such ruses are acts that are intended to mislead an adversary or to induce him to act recklessly but which infringe no rule of international law applicable in armed conflict and which are not perfidious because they do not invite the confidence of an adversary with respect to protection under that law. The following are examples of such ruses: the use of camouflage, decoys, mock operations and misinformation.

Albert Pike's Third World War August 15, 1871

"**The Third World War** must be fomented by taking advantage of the differences caused by the "agentur" of the "Illuminati" between the political Zionists and the leaders of Islamic World. The war must be conducted in such a way that Islam (the Moslem Arabic World) and political Zionism (the State of Israel) mutually destroy each other.

Meanwhile the other nations, once more divided on this issue will be constrained to fight to the point of complete physical, moral, spiritual and economical exhaustion... We shall unleash the Nihilists and the atheists, and we shall provoke a formidable social cataclysm which in all its horror will show clearly to the nations the effect of absolute atheism, origin of savagery and of the most bloody turmoil.

Then everywhere, the citizens, obliged to defend themselves against the world minority of revolutionaries, will exterminate those destroyers of civilization, and the multitude, disillusioned with christianity, whose deistic spirits will from that moment be without compass or direction, anxious for an ideal, but without knowing where to render its adoration, will receive the true light through the universal manifestation of the pure doctrine of Lucifer, brought finally out in the public view.

This manifestation will result from the general reactionary movement which will follow the destruction of Christianity and atheism, both conquered and exterminated at the same time."

NEW MIGRANT CARAVAN LEAVES SOUTHERN MEXICO HEADED NORTH

by CARTEL CHRONICLES | 27 Jan 2024 | 522

DO YOU SEE THE PROBLEM?

A new migrant caravan began walking through southern Mexico to make their way north toward the U.S. border, where some have expressed the expectation of crossing illegally and then requesting asylum or protection. Prior caravans disbanded once they reached Mexico City or along the way when government officials gave them certain travel documents and allowed them to get on buses or airplanes.

4. Outbreak of the Rebellion

URANTIA BOOK

53:4.1 (604.3)

The Lucifer manifesto was issued at the annual conclave of Satania on the sea of glass, in the presence of the assembled hosts of Jerusem, on the last day of the year, about two hundred thousand years ago, Urantia time. Satan proclaimed that worship could be accorded the universal forces—physical, intellectual, and spiritual—but that allegiance could be acknowledged only to the actual and present ruler, Lucifer, the “friend of men and angels” and the “God of liberty.”

53:4.2 (604.4)

Self-assertion was the battle cry of the Lucifer rebellion. One of his chief arguments was that, if self-government was good and right for the Melchizedeks and other groups, it was equally good for all orders of intelligence. He was bold and persistent in the advocacy of the “equality of mind” and “the brotherhood of intelligence.” He maintained that all government should be limited to the local planets and their voluntary confederation into the local systems. All other supervision he disallowed. He promised the Planetary Princes that they should rule the worlds as supreme executives. He denounced the location of legislative activities on the constellation headquarters and the conduct of judicial affairs on the universe capital. He contended that all these functions of government should be concentrated on the system capitals and proceeded to set up his own legislative assembly and organized his own tribunals under the jurisdiction of Satan. And he directed that the princes on the apostate worlds do the same.

3. The Lucifer Manifesto

#1

53:3.1 (603.2) Whatever the early origins of trouble in the hearts of Lucifer and Satan, the final outbreak took form as the Lucifer Declaration of Liberty. The cause of the rebels was stated under three heads:

53:3.2 (603.3) 1. *The reality of the Universal Father.* Lucifer charged that the Universal Father did not really exist, that physical gravity and space-energy were inherent in the universe, and that the Father was a myth invented by the Paradise Sons to enable them to maintain the rule of the universes in the Father's name. He denied that personality was a gift of the Universal Father. He even intimated that the finaliters were in collusion with the Paradise Sons to foist fraud upon all creation since they never brought back a very clear-cut idea of the Father's actual personality as it is discernible on Paradise. He traded on reverence as ignorance. The charge was sweeping, terrible, and blasphemous. It was this veiled attack upon the finaliters that no doubt influenced the ascendant citizens then on Jerusem to stand firm and remain steadfast in resistance to all the rebel's proposals.

3:24 pm

3. The Lucifer Manifesto

#2

53:3.3 (603.4) 2. *The universe government of the Creator Son—Michael.*

Lucifer contended that the local systems should be autonomous. He protested against the right of Michael, the Creator Son, to assume sovereignty of Nebadon in the name of a hypothetical Paradise Father and require all personalities to acknowledge allegiance to this unseen Father. He asserted that the whole plan of worship was a clever scheme to aggrandize the Paradise Sons. He was willing to acknowledge Michael as his Creator-father but not as his God and rightful ruler.

53:3.4 (603.5) Most bitterly did he attack the right of the Ancients of Days—“foreign potentates”—to interfere in the affairs of the local systems and universes. These rulers he denounced as tyrants and usurpers. He exhorted his followers to believe that none of these rulers could do aught to interfere with the operation of complete home rule if men and angels only had the courage to assert themselves and boldly claim their rights.

53:3.5 (603.6) He contended that the executioners of the Ancients of Days could be debarred from functioning in the local systems if the native beings would only assert their independence. He maintained that immortality was inherent in the system personalities, that resurrection was natural and automatic, and that all beings would live eternally except for the arbitrary and unjust acts of the executioners of the Ancients of Days.

3:26 pm

3. The Lucifer Manifesto

#3

53:3.6 (604.1)

3. *The attack upon the universal plan of ascendant mortal training.* Lucifer maintained that far too much time and energy were expended upon the scheme of so thoroughly training ascending mortals in the principles of universe administration, principles which he alleged were unethical and unsound. He protested against the age-long program for preparing the mortals of space for some unknown destiny and pointed to the presence of the finaliter corps on Jerusem as proof that these mortals had spent ages of preparation for some destiny of pure fiction. With derision he pointed out that the finaliters had encountered a destiny no more glorious than to be returned to humble spheres similar to those of their origin. He intimated that they had been debauched by overmuch discipline and prolonged training, and that they were in reality traitors to their mortal fellows since they were now co-operating with the scheme of enslaving all creation to the fictions of a mythical eternal destiny for ascending mortals. He advocated that ascenders should enjoy the liberty of individual self-determination. He challenged and condemned the entire plan of mortal ascension as sponsored by the Paradise Sons of God and supported by the Infinite Spirit.

53:3.7 (604.2)

And it was with such a Declaration of Liberty that Lucifer launched his orgy of darkness and death.

Jesus: Discourse on the Soul at Ephesus

“The soul is the self-reflective, truth-discerning, and spirit-perceiving part of man which forever elevates the human being above the level of the animal world. Self-consciousness, in and of itself, is not the soul. Moral self-consciousness is true human self-realization and constitutes the foundation of the human soul, and the soul is that part of man which represents the potential survival value of human experience. Moral choice and spiritual attainment, the ability to know God and the urge to be like him, are the characteristics of the soul. The soul of man cannot exist apart from moral thinking and spiritual activity. A stagnant soul is a dying soul. But the soul of man is distinct from the divine spirit which dwells within the mind. The divine spirit arrives simultaneously with the first moral activity of the human mind, and that is the occasion of the birth of the soul.

133:6.6 (1478.5) “The saving or losing of a soul has to do with whether or not the moral consciousness attains survival status through eternal alliance with its associated immortal spirit endowment. Salvation is the spiritualization of the self-realization of the moral consciousness, which thereby becomes possessed of survival value. All forms of soul conflict consist in the lack of harmony between the moral, or spiritual, self-consciousness and the purely intellectual self-consciousness.

133:6.7 (1478.6) “The human soul, when matured, ennobled, and spiritualized, approaches the heavenly status in that it comes near to being an entity intervening between the material and the spiritual, the material self and the divine spirit. The evolving soul of a human being is difficult of description and more difficult of demonstration because it is not discoverable by the methods of either material investigation or spiritual proving. Material science cannot demonstrate the existence of a soul, neither can pure spirit-testing. Notwithstanding the failure of both material science and spiritual standards to discover the existence of the human soul, every morally conscious mortal *knows* of the existence of *his* soul as a *real* and actual personal experience.”

4:06 pm

BAPTISM = FIRST MORAL CHOICE = ARRIVAL OF THE
INDWELLING THOUGHT ADJUSTER/ETERNAL IDENTITY
FRAGMENT

COMMUNION = THOUGHT ADJUSTER BREAK THROUGH = YOU
CAN HEAR THE VOICE OF GOD IN YOUR MIND

CONFIRMATION = THE CONSECRATION OF THE WILL CHOICE =
YOU CHOOSE TO DO THE WILL OF GOD ETERNALLY

PERSONALITY UNIFICATION = YOUR EXPERIENCES ARE USED TO
BUILD A SOUL OF SURVIVAL VALUE

THOUGHT ADJUSTER FUSION = SUFFICIENT MIND, SPIRIT/SOUL,
AND

PERSONALITY ATTUNEMENT = ETERNAL LIFE

112:7.3 (1237.5) Fusion with the Adjuster is usually effected while the ascender is resident within his local system. It may occur on the planet of nativity as a transcendence of natural death; it may take place on any one of the mansion worlds or on the headquarters of the system; it may even be delayed until the time of the constellation sojourn; or, in special instances, it may not be consummated until the ascender is on the local universe capital.

112:7.4 (1237.6) When fusion with the Adjuster has been effected, there can be no future danger to the eternal career of such a personality. Celestial beings are tested throughout a long experience, but mortals pass through a relatively short and intensive testing on the evolutionary and morontia worlds.

112:7.5 (1237.7) Fusion with the Adjuster never occurs until the mandates of the superuniverse have pronounced that the human nature has made a final and irrevocable choice for the eternal career. This is the at-onement authorization, which, when issued, constitutes the clearance authority for the fused personality eventually to leave the confines of the local universe to proceed sometime to the headquarters of the superuniverse, from which point the pilgrim of time will, in the distant future, enseconaphim for the long flight to the central universe of Havona and the Deity adventure.

FOR THE RECORD

AFTER INSTIGATING THIS EXCHANGE, DAHMER AND SCRUFFY, THE BAD COP, SENT THE POLICE TO MY HOUSE FOR A WELLNESS CHECK. I TOLD THE OFFICER THAT I PRAYED TO GOD FOR MY IRATE NEIGHBOR AND THAT IT OBVIOUSLY HELPED HIM SETTLE DOWN. I AM

0:03 / 4:37

Comments added for clarity:

David S. Chuhran

This incident happened on February 12 at 5:42 PM and the fake wellness check was about an hour later. The Clinton Township Police records could be checked to see if the call was actually made by a legitimate neighbor or if it was one of the Gang of Four conspirators. Scruffy, the Bad Cop, was at Dahmer's, so he may have made the call and the entire thing could have been another setup.

Everything was videotaped from Dahmer's roof cameras and they planned to call in the cavalry to arrest me. You can see in the video repeated taunting and threatening remarks about any calls to the Police. That's because there are a few bad cops in Clinton Township and the FIX was in to try to take me again, but God wins!!!

David S. Chuhran

The wellness check Police officer did not come to the front door, so I went out to meet him. He was standing in the shadows behind a tree on my front sidewalk looking toward the windows and seemed startled when I asked if I could help him. I also asked who made the call and he would only say that it was a neighbor who heard yelling. I described my encounter with the neighbor and he left immediately thereafter. The obvious questions are: who dispatched him and who made the call for a wellness check?

David S. Chuhran

That's right, it's the typical clown show where a patsy is programmed and then triggered to do the will of the clown. In this case, the chivalry response was used by Dahmer as the trigger, and threats were then made by my neighbor to kill my wife.

I went outside when I heard him yelling and began recording as soon as possible. I was unaware of the threats he had just made to my wife, but my goal was to de-escalate. If you watch, my neighbor breaks from programming and you see through to him crying for help. He wants out of the spell, but he doesn't know how and Dahmer captured his mind again immediately after this video with the help of his own wife.

She is in a much worse seductive trap.

I pray for all of them.

David S. Chuhran

No, Dahmer is not the worst I've seen, but he knows all the latest trick-bag tactics and has access to all the latest mind-rape equipment. So, it was an educational series of experiences. For that I am grateful!

I was at Soesterberg, NL in the '80s with the bloodline, Paperclip Nephilim-Nazis, so I've been around Pedo-Satanist Blood-drinkers before and they wreak-reek of DEATH. At that time, the Nazis only knew how to blow out egregores like burps and farts. They had their fun times in the darkness.

All 6.2 million are leaving now.

That's correct, Aimee was agitated because he just threatened to kill her and came into the street. I tried to calm her down when I arrived so I could fully express God's will into the situation. You can witness the results. God wins!!!

Last one for now and then I'm asked to stop:

The difference is that Dahmer thinks in terms of the child he's sacrificing tonight and the Paperclip Nazis think in terms of global genocide for fun so they can do it again.

They're mass-murderers on different levels.

Yes, Chinese travelers need to [obtain a Tourist Card to enter Mexico](#). This document is also known as FMM or Forma Migratoria Multiple. It's a legal requirement for visitors of China who wish to access Mexican territory for less than 180 days.

The FMM allows Chinese citizens to stay in Mexico temporarily. The Tourist Card is a single-entry permit, so you need a new one if you leave Mexico and then want to re-enter.

The Mexican Tourist Card is only valid for a maximum of 180 days. If you want to extend your stay, you need to complete a new online FMM application.

42:6.4 (476.6) The ultimatons, unknown on Urantia, slow down through many phases of physical activity before they attain the revolutionary-energy prerequisites to electronic organization. Ultimatons have three varieties of motion: mutual resistance to cosmic force, individual revolutions of antigravity potential, and the intraelectronic positions of the one hundred mutually interassociated ultimatons.

42:6.5 (476.7) Mutual attraction holds one hundred ultimatons together in the constitution of the electron; and there are never more nor less than one hundred ultimatons in a typical electron. The loss of one or more ultimatons destroys typical electronic identity, thus bringing into existence one of the ten modified forms of the electron.

42:6.6 (476.8) Ultimatons do not describe orbits or whirl about in circuits within the electrons, but they do spread or cluster in accordance with their axial revolutionary velocities, thus determining the differential electronic dimensions. This same ultimatonic velocity of axial revolution also determines the negative or positive reactions of the several types of electronic units. The entire segregation and grouping of electronic matter, together with the electric differentiation of negative and positive bodies of energy-matter, result from these various functions of the component ultimatonic interassociation.

1. Paradise Forces and Energies

The Urantia Book

42:1.1 (467.3) The foundation of the universe is material, but the essence of life is spirit. The Father of spirits is also the ancestor of universes; the eternal Father of the Original Son is also the eternity-source of the original pattern, the Isle of Paradise.

42:1.2 (467.4) Matter—energy—for they are but diverse manifestations of the same cosmic reality, as a universe phenomenon is inherent in the Universal Father. “In him all things consist.” Matter may appear to manifest inherent energy and to exhibit self-contained powers, but the lines of gravity involved in the energies concerned in all these physical phenomena are derived from, and are dependent on, Paradise. The ultimatonic, the first measurable form of energy, has Paradise as its nucleus.

7. History of the Rebellion

53:7.1 (607.2) The Lucifer rebellion was system wide. Thirty-seven seceding Planetary Princes swung their world administrations largely to the side of the archrebel. Only on Panoptia did the Planetary Prince fail to carry his people with him. On this world, under the guidance of the Melchizedeks, the people rallied to the support of Michael. Ellanora, a young woman of that mortal realm, grasped the leadership of the human races, and not a single soul on that strife-torn world enlisted under the Lucifer banner. And ever since have these loyal Panoptians served on the seventh Jerusem transition world as the caretakers and builders on the Father's sphere and its surrounding seven detention worlds. The Panoptians not only act as the literal custodians of these worlds, but they also execute the personal orders of Michael for the embellishment of these spheres for some future and unknown use. They do this work as they tarry en route to Edentia.

HERE IS A DESCRIPTION OF THE SEVEN ADJUTANT MIND SPIRITS FROM THE URANTIA BOOK PAPER 36:5.4-14

[LINK; PAPER 36:5.4-14](#)

36:5.4 The seven adjutant mind-spirits always accompany the Life Carriers to a new planet, but they should not be regarded as entities; they are more like circuits. The spirits of the seven universe adjutants do not function as personalities apart from the universe presence of the Divine Minister; they are in fact a level of consciousness of the Divine Minister and are always subordinate to the action and presence of their creative mother.

36:5.5 We are handicapped for words adequately to designate these seven adjutant mind-spirits. They are ministers of the lower levels of experiential mind, and they may be described, in the order of evolutionary attainment, as follows:

1. The spirit of intuition—quick perception, the primitive physical and inherent reflex instincts, the directional and other self-preservative endowments of all mind creations; the only one of the adjutants to function so largely in the lower orders of animal life and the only one to make extensive functional contact with the nonteachable levels of mechanical mind.
2. The spirit of understanding—the impulse of co-ordination, the spontaneous and apparently automatic association of ideas. This is the gift of the co-ordination of acquired knowledge, the phenomenon of quick reasoning, rapid judgment, and prompt decision.

3. The spirit of courage—the fidelity endowment—in personal beings, the basis of character acquirement and the intellectual root of moral stamina and spiritual bravery. When enlightened by facts and inspired by truth, this becomes the secret of the urge of evolutionary **ascension** by the channels of intelligent and conscientious selfdirection.

4. The spirit of knowledge—the curiosity-mother of adventure and discovery, the scientific spirit; the guide and faithful associate of the spirits of courage and counsel; the urge to direct the endowments of courage into useful and progressive paths of growth.

5. The spirit of counsel—the social urge, the endowment of species cooperation; the ability of will creatures to harmonize with their fellows; the origin of the gregarious instinct among the more lowly creatures.

6. The spirit of worship—the religious impulse, the first differential urge separating mind creatures into the two basic classes of mortal existence. The spirit of worship forever distinguishes the animal of its association from the soulless creatures of mind endowment. Worship is the badge of spiritual-ascension candidacy.

7. The spirit of wisdom—the inherent tendency of all moral creatures towards orderly and progressive evolutionary advancement. This is the highest of the adjutants, the spirit co-ordinator and articulator of the work of all the others. This spirit is the secret of that inborn urge of mind creatures which initiates and maintains the practical and effective program of the ascending scale of existence; that gift of living things which accounts for their inexplicable ability to survive and, in survival, to utilize the co-ordination of all their past experience and present opportunities for the acquisition of all of everything that all of the other six mental ministers can mobilize in the mind of the organism concerned. Wisdom is the acme of intellectual performance. Wisdom is the goal of a purely mental and moral existence.

36:5.13 The adjutant mind-spirits experientially grow, but they never become personal. They evolve in function, and the function of the first five in the animal orders is to a certain extent essential to the function of all seven as human intellect. This animal relationship makes the adjutants more practically effective as human mind; hence animals are to a certain extent indispensable to man's intellectual as well as to his physical evolution.

[36:5.14 These mind-adjutants of a local universe Mother Spirit are related to creature life of intelligence status much as the power centers and physical controllers are related to the nonliving forces of the universe. They perform invaluable service in the mind circuits on the inhabited worlds and are effective collaborators with the Master Physical Controllers, who also serve as controllers and directors of the preadjutant mind levels, the levels of nonteachable or mechanical mind.]

42:6.3 (476.5) Ultimatons function by mutual attraction, responding only to the circular Paradise-gravity pull. Without linear-gravity response they are thus held in the universal space drift. Ultimatons are capable of accelerating revolutionary velocity to the point of partial antigravity behavior, but they cannot, independent of force organizers or power directors, attain the critical escape velocity of deindividuation, return to the puissant-energy stage. In nature, ultimatons escape the status of physical existence only when participating in the terminal disruption of a cooled-off and dying sun.

42:6.4 (476.6) The ultimatons, unknown on Urantia, slow down through many phases of physical activity before they attain the revolutionary-energy prerequisites to electronic organization. Ultimatons have three varieties of motion: mutual resistance to cosmic force, individual revolutions of antigravity potential, and the intraelectronic positions of the one hundred mutually interassociated ultimatons.

42:6.5 (476.7) Mutual attraction holds one hundred ultimatons together in the constitution of the electron; and there are never more nor less than one hundred ultimatons in a typical electron. The loss of one or more ultimatons destroys typical electronic identity, thus bringing into existence one of the ten modified forms of the electron.

42:6.6 (476.8) Ultimatons do not describe orbits or whirl about in circuits within the electrons, but they do spread or cluster in accordance with their axial revolutionary velocities, thus determining the differential electronic dimensions. This same ultimatonic velocity of axial revolution also determines the negative or positive reactions of the several types of electronic units. The entire segregation and grouping of electronic matter, together with the electric differentiation of negative and positive bodies of energy-matter, result from these various functions of the component ultimatonic interassociation.

Yes, they moved the Human Trafficking there temporarily. A dozen children were seen running around the corner to Dahmer's on Red Oaks where they were placed in the back of a Uhaul and driven off. I pray for all of them.

David S. Chuhran

We watched their play-date from the Morontia grid. Dahmer's children were in black robes with the other children of the 'Craft' families. The Uhaul children in colored shirts were initially treated nicely and the play-date looked normal, but everything changed. They were raped, tortured and murdered by the children in black. The parents of the 'Craft' watched, cheered and rewarded their depravity while engaging in group sex. They drank and ate the remains of the Uhaul children..

Dahmer conducts open-air sacrifices almost nightly. He and his wife are monsters and his crate-raised children will eat yours.

Those like Dahmer claim dominion over the entire planet because of their Satanic bloodlines. If you are not one of them, they mock and use you with the higher tools of the 'Craft.' They whoop even those who think they know how to whoop. They are loyal to none but their own.

The Nephilim-Jinn-Nazis stand at attention, look down, and salute their own erection.

You can defeat the 'Craft' by saying NO!

Answer: They are gone from Urantia, but not gone. Christ Michael-Jesus holds them until they can be raised on the Satania System Nursery World by one of the following in order of priority:

- 1) The birth mother along with the birth father, if available and compatible.
- 2) Childless Urantia volunteers seeking the parental experience.
- 3) Children of Adam and Eve.

The children are without sexual reproductive capacity and miss the opportunity to overcome their animal-sexual nature. All participants return to their ascension careers after the Consecration of Will Choice.

 **David S. Chuhran**
Whose turf is this? The S Riverhill Mafia or the Red Oaks Pedo-Satanists?

Answer: The God of Abraham holds Urantia in the palm of his hand.

Yes, both were original "Gang of Four" co-conspirators. The Mallard Meatball attempted to run Aimee down with her car on June 21, 2021. So, assassination has been the name of their game for nearly three years. ENOUGH!!!

FOR THE RECORD

Here are the tire tracks from the Mallard Meatball's run-down attempt (June 21, 2021). A mark still remains on the concrete. The Clinton Township Police detective said this was asphalt filler from a road crew, but the road is concrete and has no filler. Also, the detective said the neighbor's ring doorbell did not see 30 degrees left of center.

Dahmer ordered the run-down attempt with one of his ducks. He was under contract to take us down. He does not work for a Japanese auto company. He is a clown contractor.

This all could have ended here 3 years ago with the one and only Police report made at the Clinton Township Police Station by Aimee. We NEVER called the Police.

We were the only non-Freemasons.

Local assailants in-range, please understand how Metatron works. If you breach the Universal Father's First Thought, your CLEAR order will be FACTUALIZED by Metatron.

Metatron is the Paradise Trinity's "WILL EXPRESSION." (two words)

I asked to be completely removed from the "WILL" side, so the Ancients of Days issue all CLEAR orders. I play no role there.

I AM the EXPRESSION. You will not kill us and your minds run afoul of earning Life Eternal. You are on the cusp of losing everything while trying to beat GOD.

Answer to a question from Georgia:

Dahmer has been working with Ken Speir for at least 18 months and they may have a relationship that extends much longer with ties in North Carolina. There is a major Satanic Hive there.

Ken "Yoda" Speir was last known to be the Managing Director of Line Operations at Delta Air Lines. He led the egregore formation for several of the attack protocols.

Charlie "Bones" Shugg was also involved with drone operations utilizing the newest egregore compression technology. These attacks attempt to destroy memory frames thus denying you your own "TRUTH in History."

Yes, they are both Paperclip Nazis---Pedo-Satanists.

I believe Hermann Göring was called "Bones" after going cold turkey off of morphine and losing a bunch of weight while awaiting trial at Nuremberg. Coincidence maybe...

AGAINST THE SONS OF DARKNESS

SATANISM AND ITS MANY SUBSIDIARY CULTS WILL BE ERADICATED

CHRIST MICHAEL RECENTLY SAID TO ME: DAVID, YOU ARE LIVING IN A

GOOD PEOPLE, ANY AROUND YOU HAVE FALLEN INTO SATANISM AND

THEY HAVE QUIETLY BECOME PEDOPHILES AND BLOOD-DRINKERS,

AND OPEN TO ABUSE

THE SHAGREEN SKIN OF SATANISM NOW COVERS ALL LEVELS OF OUR

THERE IS NOTHING LEFT FOR US TO LEARN FROM THE NEPHILIM

The Spheres of Light and Life

55:0.1 (621.1) THE age of light and life is the final evolutionary attainment of a world of time and space. From the early times of primitive man, such an inhabited world has passed through the successive planetary ages—the pre- and the postPlanetary Prince ages, the post-Adamic age, the post-Magisterial Son age, and the postbestowal Son age. And then is such a world made ready for the culminating evolutionary attainment, the settled status of light and life, by the ministry of the successive planetary missions of the Trinity Teacher Sons with their everadvancing revelations of divine truth and cosmic wisdom. In these endeavors the Teacher Sons enjoy the assistance of the Brilliant Evening Stars always, and the Melchizedeks sometimes, in establishing the final planetary age.

55:0.2 (621.2) This era of light and life, inaugurated by the Teacher Sons at the conclusion of their final planetary mission, continues indefinitely on the inhabited worlds. Each advancing stage of settled status may be segregated by the judicial actions of the Magisterial Sons into a succession of dispensations; but all such judicial actions are purely technical, in no way modifying the course of planetary events.

55:0.3 (621.3) Only those planets which attain existence in the main circuits of the superuniverse are assured of continuous survival, but as far as we know, these worlds settled in light and life are destined to go on throughout the eternal ages of all future time.

MARGUL LEADS URANTIA'S TEAM OF TRINITY TEACHER SONS FROM
THE ORDER OF DAYNALS

I AM

Urantia Book: Paper 20

7. The Trinity Teacher Sons

20:7.1 (230.3) These highly personal and highly spiritual Paradise Sons are brought into being by the Paradise Trinity. They are known in Havona as the order of Daynals. In Orvonton they are of record as Trinity Teacher Sons, so named because of their parentage. On Salvington they are sometimes denominated the Paradise Spiritual Sons.

20:7.2 (230.4) In numbers the Teacher Sons are constantly increasing. The last universal census broadcast gave the number of these Trinity Sons functioning in the central and superuniverses as a little more than twenty-one billion, and this is exclusive of the Paradise reserves, which include more than one third of all Trinity Teacher Sons in existence.

20:7.3 (230.5) The Daynal order of sonship is not an organic part of the local or superuniverse administrations. Its members are neither creators nor retrievers, neither judges nor rulers. They are not so much concerned with universe administration as with moral enlightenment and spiritual development. They are the universal educators, being dedicated to the spiritual awakening and moral guidance of all realms. Their ministry is intimately interrelated with that of the personalities of the Infinite Spirit and is closely associated with the Paradise ascension of creature beings.

20:7.4 (230.6) These Sons of the Trinity partake of the combined natures of the three Paradise Deities, but in Havona they seem more to reflect the nature of the Universal Father. In the superuniverses they seem to portray the nature of the Eternal Son, while in the local creations they appear to show forth the character of the Infinite Spirit. In all universes they are the embodiment of service and the discretion of wisdom.

20:7.5 (230.7) Unlike their Paradise brethren, Michaels and Avonals, Trinity Teacher Sons receive no preliminary training in the central universe. They are dispatched directly to the headquarters of the superuniverses and from there are commissioned for service in some local universe. In their ministry to these evolutionary realms they utilize the combined spiritual influence of a Creator Son and the associated Magisterial Sons, for the Daynals do not possess a spiritual drawing power in and of themselves.

8:30 am

Urantia Book: Paper 20

8. Local Universe Ministry of the Daynals

20:8.1 (231.1) The Paradise Spiritual Sons are unique Trinity-origin beings and the only Trinity creatures to be so completely associated with the conduct of the dual-origin universes. They are affectionately devoted to the educational ministry to mortal creatures and the lower orders of spiritual beings. They begin their labors in the local systems and, in accordance with experience and achievement, are advanced inward through the constellation service to the highest work of the local creation. Upon certification they may become spiritual ambassadors representing the local universes of their service.

20:8.2 (231.2) The exact number of Teacher Sons in Nebadon I do not know; there are many thousands of them. Many of the heads of departments in the Melchizedek schools belong to this order, while the combined staff of the regularly constituted University of Salvington embraces over one hundred thousand including these Sons. Large numbers are stationed on the various morontiatraining worlds, but they are not wholly occupied with the spiritual and intellectual advancement of mortal creatures; they are equally concerned with the instruction of seraphic beings and other natives of the local creations. Many of their assistants are drawn from the ranks of the creature-trinitized beings.

20:8.3 (231.3) The Teacher Sons compose the faculties who administer all examinations and conduct all tests for the qualification and certification of all subordinate phases of universe service, from the duties of outpost sentinels to those of star students. They conduct an agelong course of training, ranging from the planetary courses up to the high College of Wisdom located on Salvington. Recognition indicative of effort and attainment is granted to all, ascending mortal or ambitious cherubim, who complete these adventures in wisdom and truth. 20:8.4 (231.4) In all universes all the Sons of God are beholden to these everfaithful and universally efficient Trinity Teacher Sons. They are the exalted teachers of all spirit personalities, even the tried and true teachers of the Sons of God themselves. But of the endless details of the duties and functions of the Teacher Sons I can hardly instruct you. The vast domain of Daynal-sonship activities will be better understood on Urantia when you are more advanced in intelligence, and after the spiritual isolation of your planet has been terminated.

9:00 am

Urantia Book: Paper 20

9. Planetary Service of the Daynals

20:9.1 (231.5) When the progress of events on an evolutionary world indicates that the time is ripe to initiate a spiritual age, the Trinity Teacher Sons always volunteer for this service. You are not familiar with this order of sonship because Urantia has never experienced a spiritual age, a millennium of cosmic enlightenment. But the Teacher Sons even now visit your world for the purpose of formulating plans concerning their projected sojourn on your sphere. They will be due to appear on Urantia after its inhabitants have gained comparative deliverance from the shackles of animalism and from the fetters of materialism.

20:9.2 (231.6) Trinity Teacher Sons have nothing to do with terminating planetary dispensations. They neither judge the dead nor translate the living, but on each planetary mission they are accompanied by a Magisterial Son who performs these services. Teacher Sons are wholly concerned with the initiation of a spiritual age, with the dawn of the era of spiritual realities on an evolutionary planet. They make real the spiritual counterparts of material knowledge and temporal wisdom.

113:1.8 (1242.2) When a mortal mind breaks through the inertia of animal legacy and attains the third circle of human intellectuality and acquired spirituality, a personal angel (in reality two) will henceforth be wholly and exclusively devoted to this ascending mortal. And thus these human souls, in addition to the everpresent and increasingly efficient indwelling Thought Adjuster, receive the undivided assistance of these personal guardians of destiny in all their efforts to finish the third circle, traverse the second, and attain the first.

2. The Destiny Guardians

113.2.1 (1242.4) Seraphim are not known as guardians of destiny until such time as they are assigned to the association of a human soul who has realized one or more of three achievements: has made a supreme decision to become Godlike, has entered the third circle, or has been mustered into one of the reserve corps of destiny.

8:14 pm

THE URANTIA BOOK: PAPER 110

Paper 110 Relation of Adjusters to Individual Mortals

110:6.1 (1209.1) The sum total of personality realization on a material world is contained within the successive conquest of the seven psychic circles of mortal potentiality. Entrance upon the seventh circle marks the beginning of true human personality function. Completion of the first circle denotes the relative maturity of the mortal being. Though the traversal of the seven circles of cosmic growth does not equal fusion with the Adjuster, the mastery of these circles marks the attainment of those steps which are preliminary to Adjuster fusion.

110:6.2 (1209.2) The Adjuster is your equal partner in the attainment of the seven circles-the achievement of comparative moral maturity. The Adjuster ascends the circles with you from the seventh to the first but progresses to the status of supremacy and self-activity quite independent of the active co-operation of the mortal mind.

110:6.3 (1209.3) The psychic circles are not exclusively intellectual, neither are they wholly morontial; they have to do with personality status, mind attainment, soul growth, and Adjuster attunement. The successful traversal of these levels demands the harmonious functioning of the *entire personality*, not merely of some one phase thereof. The growth of the parts does not equal the true maturation of the whole; the parts really grow in proportion to the expansion of the entire self-the whole self-material, intellectual, and spiritual.

ORDERS

ACCORDING TO THE PARADISE TRINITY'S WILL AS
EXPRESSED BY THE ANCIENTS OF DAYS

- 1) Those who retain destiny potential (adjusted) are removed to the grid for final adjudication where they review the memory frames that make their personality fall short of survival value and they can choose to repent.

2) Those without destiny potential (non-adjustered) are rendered "personality extinct" and they are returned to Nether Paradise in Ultimatic/pre-particle form. This is the Unqualified Absolute's "Lake of Fire."

18:3.7 (210.1) In power, scope of authority, and extent of jurisdiction the Ancients of Days are the most powerful and mighty of any of the direct rulers of time-space creations. In all the vast universe of universes they alone are invested with the high powers of final executive judgment concerning the eternal extinction of will creatures. And all three Ancients of Days must participate in the final decrees of the supreme tribunal of a superuniverse.

The Great Terror of 1937, also known as the Great Purge, was a brutal political campaign led by Soviet dictator Joseph Stalin to eliminate dissenting members of the Communist Party and anyone else he considered a threat. Although estimates vary, most experts believe at least 750,000 people were executed during the Great Terror, which started around 1936 and ended in 1938. More than a million survivors were sent to forced labor camps, known as Gulags. This ruthless and bloody operation caused rampant terror throughout the Soviet Union and impacted the country for many years.

¹⁵ The second beast was given power to give breath to the image of the first beast, so that the image could speak and cause all who refused to worship the image to be killed.

The AI Morontia frames you will build for ships traveling throughout the Satania System and beyond will have a personality. However, the Universal Father is the Father of ALL personalities, and the occupiable morontia space within those AI frames will be personalized by the Father. The unguided direction of the recent quantum advances impinge upon the Father's First Thought. To continue risks a breach. This warning has been issued per the Paradise Trinity's will.
